Sign Type A.1, A.2 Installation methods: Install with zip ties attached to sign pole. See section 9 for installation guidelines.

Sign Types B.1, B.2, C.1, C.2 Installation methods: Install with custom bracket and tri-groove tool, see Section 8 for details. There are 3 installation locations options available. The choice for which location is to be used should be based on the amount of surrounding space for each sign's site.
