- Hwy 530 & Squire Creek Rd.
- Hwy 530 & Powerline Rd.
- Seeman St. & Fullerton Ave.
- Seeman St. & Givens Ave.

Vanpool

In addition to the emergency bus route, Community Transit is offering local residents the opportunity to form a vanpool. Community Transit will provide a 7-to-15 passenger van to a group of people going to similar destinations or the same workplace. The route and schedule are set by the van group, so there is more flexibility than a bus. Vanpool fares are determined by length of trip and size of the vehicle. Several vanpools have been recently formed, taking people from Darrington to their jobs in Arlington.

Call or go online for information about forming a vanpool, or finding carpool options in your area:
