

Appendix B

Transit Bases Information

This appendix provides bar graphs showing the Typical Scheduled Weekday Pull-out and Pull-in Activity by Base, and aerial photographs and engineering drawings of the KCM transit bases which are to be covered by the WLAN system. The information is presented in the following order:

1. Typical Scheduled Weekday Pull-out and Pull-in Activity by Base bar graphs
2. Central Campus
 - Aerial photographs of Atlantic, Central and Ryerson bases.
 - Atlantic/Central Base Master Facility Drawing. Atlantic/Central is undergoing an expansion. This drawing shows the Atlantic/Central before the base expansion construction began.
 - Atlantic/Central Base Expansion Site Plan. This drawing shows the Atlantic/Central Expansion at its fully planned potential, which currently exceeds what has been permitted.
 - Atlantic/Central Base Expansion Master Use Permit. This drawing shows the current permitted aspects of the Atlantic Central Base Expansion project.
 - Communications Center Site Plan. This drawing shows a contextual close up of the recently constructed garage and the permitted Communications Center as part of the Atlantic/Central Base Expansion project.
3. Bellevue Campus
 - Aerial photographs of East and Bellevue bases.
 - East and Bellevue base Site Plans.
4. North Base
 - Aerial photograph of North Base
 - North Base Site Plan
5. South Base and South Training Facility
 - Aerial photographs of South Base and South Training Facility
 - South Base and South Training Facility Site Plans.

An overview of base locations can be found in *Figure 1.B.3, KCM Transit Base Locations in King County*.
